

#### EDITORS' NOTE

This issue of *Beiträge zur Tabakforschung International* (BTFI) includes a questionnaire asking our readers to let us have an address update for our subscribers list. In addition we would like to ask our readers to inform us whether they wish to receive one or several printed issues of this journal in the future or whether they prefer using only the online version of the journal. As we operate on a limited budget, we are obliged from time to time to assess the costs predominantly generated by mailing printed copies. Please let us have your reply by e-mail, fax or mail. Thank you.
