

The Journal "Ochrona Środowiska i Zasobów Naturalnych/Environmental Protection and Natural Resources" has a great pleasure and honour to patronize the XVI International Biodeterioration and Biodegradation Symposium.

International Biodeterioration & Biodegradation Society

Visit Poland with IBBS!

The Organizing Committee and the International Biodegradation and Biodeterioration Society have the honor to announce that for the first time the International Biodegradation and Biodeterioration Symposium will be held in Poland (IBBS-16, Poland, Lodz, 3–5 September, 2014).

This Sixteenth Triennial Symposium will gather international scientists from the whole world whose researches cover aspects of biodegradation, biodeterioration, bioremediation, biotechnology and environmental protection. This year meeting offers participation in the following areas:

1. *Microbiologically Influenced Corrosion*
2. *Biofilms and Biofouling*
3. *Biodeterioration and Biodegradation of Wood and Wood Products*
4. *Biodeterioration and Biodegradation of Polymeric Materials*
5. *Biodeterioration of Cultural Heritage*
6. *Microorganisms and the Quality of Life*
7. *Biotransformation and Biodegradation of Hazardous Compounds*
8. *Biodegradation and Bioremediation of Persistent Pollutants*
9. *Biodiversity of Organisms involved in Biodeterioration, Biodegradation and Bioremediation*
10. *Strategic views of Economic, Regulatory Affairs, Forensic Studies and Regional Development in Biodeterioration*
11. *Protection against Biodeterioration Process*
12. *Bioremediation in Environmental Protection*

ORGANIZERS

Lodz University of Technology, Faculty of Biotechnology and Food Sciences, Institute of Fermentation Technology and Microbiology, Lodz

University of Lodz, Faculty of Biology and Environmental Protection, Department of Industrial Microbiology and Biotechnology, Lodz

Central Institute for Labour Protection-National Research Institute, Biohazard Laboratory, Department of Chemical, Aerosol and Biological Hazards, Warsaw

Cracow University of Economics, Department of Microbiology, Cracow

REGISTRATION DEADLINES

February 28, 2014: Early registration

April 30, 2014: Regular registration

June 30, 2014: Late registration
