

EDITORIAL BOARD OF ROMANIAN JOURNAL OF INTERNAL MEDICINE

Retraction: “EUS-Fine-Needle Aspiration Biopsy (FNAB) in the Diagnosis of Pancreatic Adenocarcinoma: A Review” and “Fine Needle Aspiration Biopsy (FNAB) in the Diagnosis of Hepatocellular Carcinoma: A Review.

Alexandra Kalogeraki, as corresponding author and on behalf of all contributors, has requested retraction of their two reviews articles both published in the Romanian Journal of Internal Medicine, entitled “EUS – Fine- Needle Aspiration Biopsy (FNAB) in the Diagnosis of Pancreatic Adenocarcinoma: A Review” [1] and “Fine Needle Aspiration Biopsy (FNAB) in the Diagnosis of Hepatocellular Carcinoma: A Review” [2] due to the fact that the two above mentioned papers are a matter of an administrative inquiry under the suspicion of plagiarism.

Given the evidence provided and the request of the authors of the reviews, the Editorial Board of the Romanian Journal of Internal Medicine decided to retract the two reviews.
