

Raumforschung und Raumordnung | Spatial Research and Planning

Assessment form for referee reports

In the following we provide a short assessment form in which you can record a number of formal points. These assessments are not forwarded to the authors concerned but are intended to help the editors in the further processing of the paper.

Please provide detailed assessments and note proposed changes for the authors in a separate document or via the field 'Comments to Author' in the Editorial Manager.

Title of the paper	
Manuscript number	

Relevance of the submitted paper for the journal 'Raumforschung und Raumordnung | Spatial Research and Planning'

<input type="checkbox"/>	The paper is suitable for publication in 'Raumforschung und Raumordnung Spatial Research and Planning'.
<input type="checkbox"/>	The paper does not fit with the Aims & Scopes of the journal.

Innovation and originality

<input type="checkbox"/>	The paper contains remarkably original or innovative contributions to the (inter)national state of research and is thus of great relevance to the readership.
<input type="checkbox"/>	The paper presents a certain number of interesting results and furthers the state of research.
<input type="checkbox"/>	The paper makes no original contribution, neither in terms of content nor of methodology.

Title and abstract

<input type="checkbox"/>	Title and abstract fit well together and clearly present the aims, methodology and conclusions.
<input type="checkbox"/>	Title and abstract should be revised as the aims of the paper, the methodology and/or the conclusions are not clear.

Structure

<input type="checkbox"/>	The paper is very well structured, the individual sections are carefully aligned with one another.
<input type="checkbox"/>	The paper is structured in a comprehensible fashion.
<input type="checkbox"/>	The paper lacks a central structuring theme so that its mode of operation is unclear.

Your recommendations for the editors

<input type="checkbox"/>	Accept as is	The paper should be published as submitted.
<input type="checkbox"/>	Minor revisions	Minor points should be revised but the paper is suitable for publication.
<input type="checkbox"/>	Major revisions	Major revisions are necessary before the paper can be judged eligible for publication. A new referee report may be required.
<input type="checkbox"/>	Reject	The paper has too many weaknesses to allow publication, even after revision.

Many thanks for your time and for refereeing a paper for the journal 'Raumforschung und Raumordnung | Spatial Research and Planning'.

Andreas Klee & Heiderose Kilper
