Instructions for Authors

Submission

Only original, previously unpublished research and survey papers on both the applied and theoretical aspects should be submitted. Submission implies that the manuscript has not been published previously, and is not currently submitted for publication elsewhere. Submission of a manuscript is interpreted as a statement of certification that no part of the manuscript is copyrighted by any other publisher nor is under review by any other formal publication. It also implies that the corresponding author has consent of all authors. It is the author’s responsibility to ensure that the manuscript does not cause any copyright infringements, defamation, and other problems.

Manuscripts in MS Word must be written in English following the rules of academic style where high-quality grammar and style is essential. All the papers, except for reviews and surveys, should ideally be 10 - 15 pages in length. Submissions must include – apart from the main text - the following elements: title, authors, affiliations, contacts, abstract, key words, and when applicable: introduction, main text, conclusions, appendices, acknowledgement, references, and biographies.

Papers should be formatted into B5 (JIS)-size pages, narrow margins, with main text of 10-point Cambria, in single-spaced one-column format. Figures and tables must be sized as they are to appear in print. Figures should be placed exactly where they are to appear within the text. Other formats are not acceptable.

*Please follow the MLA Citation Style (7th ed.)*.

Authors should submit their papers by email to slovakedu.clear@gmail.com.

Each paper will be provided with a paper ID for further reference. Please always refer to the paper ID in the submissions and any further enquiries.

Review process

Upon receipt of paper submission, the corresponding author will receive e-mail confirmation within 1-3 working days. If you fail to receive this confirmation, your submission/e-mail may have been missed. Please contact the SlovakEdu office at slovakedu@gmail.com.

We use double-blind system for peer-review. All manuscripts will be subject to a well-established, fair, unbiased peer review and refereeing procedure, and considered on the basis of their significance, novelty and usefulness to the journal’s readership. The reviewers’ identities remain anonymous to authors. The review process may take 6 to 12 weeks. The review output will be one of the following decisions:

- *Accept in present form*
- *Accept but return for minor revision (according to the reviewers’ comments below)*
- *Accept but return for a more extensive revision and second review (according to reviewers’ comments below)*
- *Reject*
If required, authors need to revise the paper according to reviewer's comments. After final acceptance of the paper (the author receives an acceptance letter via e-mail), the author will be sent an invoice to pay the publication fee which is charged for every accepted manuscript to cover the costs incurred by journal publication.

**Publication Charges**

CLEaR is an Open Access journal. It charges a manuscript-publication fee for every accepted manuscript to cover the costs incurred by open-access publication. The regular charge is EUR 100 or equivalent in local currency.
