MANUSCRIPT SUBMISSION CHECKLIST

When preparing the manuscript, please make sure that the article complies with the Journal's style as listed below. In particular please check the following items: (see also Information for Authors) and the checklist below must be also followed when you revise your manuscript:

Please submit your paper alongside with the cover letter at editor@intmed.ro

Title page

✓ Title, Authors' names (full first names) and affiliations, indication and full address of the Corresponding Author, short title (to appear as running head).

Second page

✓ Abstract, keywords (in alphabetical order, separated by a semicolon). If Romanian or know Romanian language please also provide the abstract in Romanian at the end of the paper after acknowledgements and disclosure statement and before references.

Sections

✓ Order (Original Articles): Introduction, Materials and methods, Results, Discussion, Conclusions, Acknowledgments, Conflict of Interest Disclosure, (Abstract in Romanian if applicable) References, Tables, Figure legends.

✓ Order (Reviews): Introduction, Review Body (with cross headings), Acknowledgments, Conflict of Interest Disclosure, (Abstract in Romanian if applicable), References, Tables, Figure legends.
✓ **Order (Letters to the Editor):** No Abstract but Keywords, Main Text, Acknowledgments, Conflict of Interest Disclosure, References, Tables, Figure legends.

✓ **Order (Case reports):** Introduction, Case report, Acknowledgments, Conflict of Interest Disclosure, (Abstract in Romanian if applicable), References, Tables, Figure legends.

**Headings**

✓ Cross headings: use boldface letters. Table headings, Figure captions: use plain text. Do not use letters in italics for headings/subheadings.

✓ Type double-spaced.

✓ Please paginate.

✓ The Abstract of original papers should be structured into Introduction, Methods, Results, and Conclusions, each of them beginning with a new paragraph.

✓ Do not type the Abstract in bold font, just give the subheading "Abstract" in bold.

✓ If the authors are affiliated to more than one institution, please add superscript numbers after the second names of all authors; these numbers refer to the authors’ affiliations.

✓ Ensure that the list of author affiliations is complete. Do not run on but start a new line for each affiliation. Start on the new line with the superscript number referring to an author, and go forward in the following order: department(s), institution, city, country.

✓ When quoting reagents and kits please always mention the supplier name, city and country.

✓ Citations are to be numbered in the order they appear in the text (numerically, incl. citations in Tables and Figures), and are not listed alphabetically.

✓ Put citation numbers in text in square brackets [1], on the line and do not underline them.

✓ SI-units are required
✓ The decimal separator is a decimal point, not a decimal comma.

Reference section

✓ Use the specific reference style (for explanation and examples, see Information for Authors).

✓ Use et al. after the names of at least 6 authors.
