

Peer Review Evaluation Form for the *ICAME Journal*

*Title of the article under consideration:*

- 1) The *ICAME Journal* demands high academic quality in the manuscripts it accepts. For **overall assessment**, please select one of the following alternatives, a–e.
  - a. **Should** be published in the IJ with high priority – either as it stands or following minor corrections as shown in my notes in the manuscript.
  - b. **Should** be published in the IJ – following revision by the author in accordance with my written statement.
  - c. **Can** be published in the IJ if space allows – following revision by the author in accordance with my written statement.
  - d. **Should not** be published in the IJ without thorough revision and a new review by a referee.
  - e. **Should not** be published in the IJ.
  
- 2) Regardless of the overall assessment, please submit **a written statement**, generally no more than one page, on a separate sheet. In addition, feel free to annotate the file containing the manuscript submitted for evaluation.
  
- 3) Please write here any comments intended for the IJ editors only:
