INSTRUCTIONS FOR AUTHORS

The FOLIA MUSEI RERUM NATURALIUM BOHEMIA OCCIDENTALIS, Geologica et Palaeobiologica is an journal publishing original research papers, regionally oriented, review articles, longer contributions focused on palaeoenvironmental geology, systematic palaeontology, stratigraphy, sedimentology, palaeogeography, palaeoecology, and palaeoclimatology. Long data rich manuscripts as well as short informative manuscripts are accepted. Survey of primary data sets, measurements, etc. useful for subsequent analyses are also welcome. All papers are subject to peer review, and acceptance is based on quality alone.

LEGAL REQUIREMENTS

Only original, previously unpublished articles, not simultaneously submitted for publication elsewhere, will be accepted for publication. With acceptance and publication of a manuscript the exclusive copyright for every language and country is transferred to the publishers. Authors wishing to include figures or text passages that have already been published elsewhere are required to obtain permission from the copyright holder(s) and to include evidence that such permission has been granted when submitting their papers. Any material received without such evidence will be assumed to originate from the authors.

GENERAL INFORMATION ON FORMAT OF MANUSCRIPT

- Any adopted text or illustration previously published have to be adequately cited.
- Metric units (SI) must be used throughout the MS
- Zoological and botanical nomenclatures have to be consistent with the rules of the ICZN or ICBN, respectively. Zoological and botanical Latin species, genera and family name categories should be italicised.
- British as well as American spelling are accepted. However, the manuscript has to be consistently one or the other e throughout.
- Footnotes are not acceptable
- Do not use field functions
- Authors for whom English is not their mother tongue should have their manuscripts checked by a competent linguist or native English speaker, or they may choose to have them professionally edited before submission.
Manuscripts that are poorly prepared will be rejected on receipt and returned to authors unrefereed.

A MANUSCRIPT IS TYPICALLY ORGANIZED AS FOLLOWS:
- title of manuscript;
- full author’s/authors’ name(s) and address(es);
- abstract;
- key words (max. 8)
- text;
- references;
- tables;
- figure captions;
- appendices.

For making tables, use the table functions of your word processing program.

TITLE PAGE MUST INCLUDE:
- Use 12-point, Times New Roman font
- Title of paper incorporating key words that will be useful for indexing and information retrieval. - in ALL CAPITAL LETTERS, Left justified, bold
- Full name(s) of the author(s), bold
- address (es) of the author(s) including e-mail address(es), and an indication as to which author will handle communications with the editorial board by *.

Example:
FOSSIL FLORA FROM THE ÚJEZD U SVATÉHO KŘÍŽE COALFIELD (BOLSOVIAN, PENNSylvANIAN), RADNICE BASIN, CZECH REPUBLIC

JOSEF PŠENIČKA1* & STANISLAV OPLUŠTIL2
1 Palaeontology Department, West Bohemian Museum in Pilsen, Kopeckého sady 2, 30100 Plzeň, Czech Republic; jpsenicka@zcm.cz
2 Charles University in Prague, Faculty of Science, Albertov 6, 128 43 Praha 2, Czech Republic; oplustil@natur.cuni.cz

KEYWORDS
Authors must provide 4 to 8 keywords separated by commas.
Example:
Key words: Pennsylvanian, fossil flora, Radnice Basin, Újezd u Svatého Kříže

ABSTRACT
The abstract should be a concise summary of the paper stating the methods used, the main results and the conclusions in a way that does not require reference to the body of the paper
- Abstract should be all one paragraph
- Italicized the abstract
- nor should it contain citations
- not be longer than 200 words.

THE MAIN TEXT BODY
It should be arranged according to usual format of scientific papers (Introduction, Material and methods, Results, Discussion, Conclusions, Acknowledgements, and References). Note the approximate placement of figures and tables in the text near the initial citation [FIGURE X NEAR HERE].

HEADINGS
Headings in the text should be used as follows:

THIS IS A PRIMARY HEADING (capital letters, left justified, bold)
This is a Secondary Heading (left justified, bold)
This is a Tertiary Heading (italicized, left justified, bold)

REFERENCES
- All references cited in the text are to be listed at the end of the paper.
- The manuscript should be carefully checked to ensure that the spellings of authors' names and publication years are exactly the same in the text as in the reference list.
- Do not type author's and editor's names in capitals.
- In the text refer to the author's name (without initials) and year of publication, followed - if necessary - by a short reference to appropriate pages.
- **Examples**: "Because Peterson (1994) has shown that...". "This is in agreement with results obtained later (Kramer, 1996, pp. 12-16)". "...vertebrate and invertebrate faunas (Turek, 1986, 1989; Pšenička, 2010, 2011a)....."
- If reference is made in the text to publications written by more than two authors the name of the first author should be used, followed by "et al." This indication, however, should never be used in the list of references. In this list names of authors and all co-authors must be given in full.
- References in the text should be arranged chronologically.
- The list of references should be arranged alphabetically by authors' names, and chronologically per author. If an author's name in the list is also mentioned with co-authors, the following order should be used: Publications of the single author, arranged according to publication year - publications of the same author with one co-author, arranged according to publication year - publications of the author with more than one co-author, arranged according to publication year.

**TABLES**
- Tables must be converted to the MS Word compatible format.
- Each table must consist of an independent file.
- Table caption numbers are formatted in normal letters, followed by point
  **Example:** Table 1. Sxxxxxx xxxx, xxxx........
- Each file should be labeled as follows: Name of [fisrst author]_Tab(Number).doc(x)

**Illustrations**
- Charts, diagrams and photographs are all to be referred to as "Figure 1", full page sized sets of photographs to as "Plates III", and should be numbered consecutively in the order to which they are referred to in the main body of the text.
- Each must be submitted as separate independent file. All illustrations should be clearly marked with the figure or plate number (Figure 1, Plate III, etc.).
- All figures must be black and white or halftone greyscale. They must be submitted in final size and fit with in full page (170 X 230 mm) size or one column width (82 mm X 230 mm).
- Figure legends must be described on the figures themselves (e.g., geological maps, cross-sections), not keyed to numbers in the figure caption.
- All legends must be submitted as a separate section at the end of the text.
- The accepted figure formats are PC compatible JPEG or TIFF or with vector graphic Corel X5 or Illustrator CS2 of higher.
- Each figure or plate must be an independent file labeled as follows: [first author]_Fig(Number).jpg(tif)

**Line drawings:** All lettering, graph lines and points on graphs should be sufficiently large and bold to permit reproduction when the diagram has been reduced to a size suitable for inclusion in the journal. Dye-line prints or photocopies are not suitable for reproduction. Do not use any type of shading on computer-generated illustrations. The inscriptions should be clearly legible, minimum 8-point font of a sans-serif type. The minimum line width is 0.2 mm (i.e., 0.567 pt) relative to the final size. The minimum resolution is 1200 dpi.
