EDITORIAL POLICY

“Baltic Journal of Real Estate Economics and Construction Management” is an open access scientific journal published once a year in November electronically and in print (on the request). Articles are assigned a DOI number (Digital Object Identifier) whereby it becomes possible to search and cite them without delay. The journal aims to publish articles on research results concerning real estate, related sectors and interacting branches of science in the context of contemporary market development. We invite authors to submit articles reflecting the topical research useful for making business decisions in such areas as sustainable development and management of sound environment with special focus on real estate and construction market analyses and assessment.

The manuscripts are accepted in English. The submissions should be made electronically to the managing editor at bjreecm@rtu.lv and comply with the Guidelines for Authors.

The submitted manuscripts are peer reviewed by two experts of the relevant field. The submitted manuscripts are automatically screened for originality in the CrossCheck System. The authors are provided with feedback. After the peer review the managing editor assesses the paper’s suitability for publication in the journal and informs the authors about the decision.

After the article has been accepted for publication it goes to the production editor. The production editor makes any necessary corrections and sends the proof to the author for approval. Early submitted publications are available online in Ahead of Print version as soon as prepared for production, before the entire volume is published. There are no publication charges.

The authors are asked to sign License to Publish governed by the Creative Commons Attribution license in which the author warrants that the article is original, written by stated author/s, has not been published before, contains no unlawful statements, does not infringe the rights of others, is subject to copyright that is vested exclusively in the author and free of any third party rights, and that any necessary written permissions to quote from other sources have been obtained by the author/s. A scanned copy of the signed License as one file should be sent by e-mail to the Editorial Board: bjreecm@rtu.lv.

All articles published in the journal are archived in the OA repository of Riga Technical University.

The print version of the journal is published on the request by RTU Press – the publishing house of Riga Technical University.
