Manuscript Reviewer's Template

Manuscript Title:

Manuscript Number: **AST**

Comments/Observations (Please adequate space):

In addition to the review or comment, please let your responses answer the followings using the options: Yes, Average, Satisfactory, No.

SN	Question	Remarks
1	Is the idea in the manuscript novel?	
2	Do you notice any element of plagiarism or breach of ethics?	
3	Please indicate any suspected plagiarism or breach of ethics observed (If any):	
4	Is the title suggestive of the article's content?	
5	Does the abstract describe the essential information in the work?	
6	Is the literature review adequate and current?	
7	Is the experimental design satisfactory?	
8	Does this article contain new ideas?	
9	If the article contains tables, figures, or appendices, are they useful? Which, if any, could be deleted?	
10	Are the results logical and convey the objective of the study?	
11	Are the references satisfactory?	
12	Is the article clearly written?	
13	Is the article appropriately organized and are the headings indicative of content?	
14	Are the statistical methods adequate and appropriate?	
15	Are references adequate and updated?	
16	Does the manuscript need to be edited for grammar and syntax?	
17	Does the manuscript meet basic publication standard?
