eISSN 2255-8764

Editor-in-Chief

Jānis Krastiņš, Riga Technical University, Latvia

Deputy/Managing Editor

Alisa Korolova, Riga Technical University, Latvia

The annual Scientific Journal of Riga Technical University, Architecture and Urban Planning reflects most of the research themes and content of global and local problems in the regional context not only of Baltic Sea area, but also other regions in Europe, Asia, North and South America. The authors of articles are researchers and PhD students.

The journal is focused on such themes as History of Architecture and Urbanism, Preservation and Development of Cultural Heritage, Theories and Criticism of Architecture and Urbanism, Local and Global Tendencies in Architecture and Urban Planning, Sustainable Architecture and Urban Environment; and Landscape Architecture. The Scientific Journal publishes articles Ahead of Print during the year and closes the issue in December.

Author Benefits:

- ▶ We provide comprehensive, double-blind peer review

Journal owner:

The Riga Technical University (RTU) is the oldest (was founded in 1862) and only state multi-field technical university in Latvia. Faculty of Architecture (FA) of RTU is the only higher educational institution in Latvia offering versatile education (undergraduate, professional, Master, and Doctoral levels) in the sphere of architecture, urban planning and restoration of cultural monuments.

The Scientific journal of Riga Technical University Architecture and Urban Planning has more than 10 years history and in last years has increased international editorial board and attracted authors not only from Europe, but also from North and South America and Asia.

Selected articles:

- ▶ Architectonic Quality of Industrial Log Architecture in the Scope of Tectonics – Learning from Architectural Competitions by M.Lakkala, J.Pihlajaniemi, Vol. 14, Issue 1, 2018.
