

Guidelines for manuscript submission

Submitted manuscripts must not be currently under consideration for publication elsewhere, and authors must assign copyright to South East European University if the manuscript is selected for publication.

Manuscripts should be submitted to the editor in English language via review@seeu.edu.mk.

Authors should submit their articles electronically to *SEEU Review* in Microsoft Word format, and all manuscripts must be spell-checked and proofread from an English native speaker prior to submission. All submissions must follow APA (American Psychological Association) style for format and references (footnotes and endnotes are not permitted). Manuscripts should not exceed 8,000 words, including the abstract (which should be 200 to 300 words), references, and other elements.

The entire manuscript, including the abstract, the reference list, and any tables, should be presented as A4 size paper with single-spaced typescript in 12-point Times New Roman. It should begin with a cover page, giving the title of the paper, the name(s) of the author(s), institutional affiliation(s) and correspondence address(es), e-mail address(es), a suggested shorter title for running heads, and three to five keywords. On the next page, put the article title and the abstract, and then continue with the body of the article. All pages must be numbered.

Authors are discouraged from using figures. If there is sufficient cause to include figures, authors must submit original electronic copies in EPS, TIF, or high-resolution JPG format. If tables are included, they must be created in Word, not Excel.
